

Notice of Request for Proposals
RFP CEHMM-001-2012

Center of Excellence for Hazardous Materials Management, Bureau of Land Management, and US Fish & Wildlife are working in cooperation and consultation with landowners and industry in support of conservation measures for the lesser prairie-chicken and dunes sagebrush lizard. CEHMM is soliciting proposals for the benefit of either species that will provide direct conservation, restore habitat, remove legacy development, or provide needed research information for the management of these species. Unique and innovative projects are encouraged. Projects to be within or at close proximity to LPC or DSL habitat.

The contractor will provide their own on-site safety oversight, be responsible for disposal of waste in accordance with laws and regulations, be bonded and insured, and provide all licenses, certifications, materials, and equipment necessary.

Proposals are to be submitted to CEHMM, 505 N. Main St., Carlsbad, NM 88220. Deadline for proposals is 4:00 pm February 28, 2012. A Habitat Restoration Project Proposal Form or Research/Monitoring Project Proposal Form must be submitted along with a detailed budget and project schedule. The forms and a copy of the complete RFP can be obtained at www.cehmm.org or at the CEHMM office. For more information, contact Matt Mathis 575-885-3700.
